

GLORY
(Growth Promoter)

COMPOSITION (%W/W)

Total Dissolved solids with	
Amino Acids	40.00
Folic Acid IP	03.00
L. Systine Derivaties	01.00
DA6	00.50
Aqua Media	Q.S.

GLORY contains several enzymes, proteins and vitamins which are natural Mango fruit boosters. It increases photosynthesis activity and accelerate chlorophyl synthesis in Mango plant. Glory supports Mango plant for more bloom & fruit setting & reduces flower and fruit drop. It gives attractive luster to Mango fruit colour.

**DOSAGE &
METHOD OF USE**

FOLIAR

CROP

Fruit
Horticultural
Floricultural

APPLICATION

2-4 Throughout
the plant cycle

DOSE

2 -3 ml / 1 L

FERTIGATION

--

FORMULATIONS

Liquid

PACKAGE

250 ML, 500 ML, 1 Ltr.
